

July 18, 2025

To our wonderful patients,

I am excited to announce that effective August 11, Heart Endovascular and Rhythm of Texas (HEART) will partner alongside the Baylor Scott & White Health family. Our clinic name, locations, and phone number will remain the same. We will continue to accept most major insurances, including Medicare.

Heart Endovascular and Rhythm of Texas (HEART) will partner with the largest non-profit health system in Texas, and will benefit from features including a unified electronic medical record (EMR), as well as access to a wide array of specialties throughout the Central Texas region. This means that our Athena portal will transition over to a Baylor Scott & White portal beginning on August 11th.

Because we are switching electronic systems on August 11th, we kindly ask that you pay any outstanding bills/charges you may currently have with our office prior to that date. You can do this by accessing your Athena portal to pay your bill, calling our office to pay over the phone, or coming by the office to submit payment.

All appointments that are currently scheduled after August 11<sup>th</sup>, will be reconfirmed with you by our staff—no need to worry! Also, after August 11, you may schedule an appointment with me either by calling the office or by visiting [BSWHealth.com](https://www.BSWHealth.com), clicking on the [Doctors](#) link at the top of the page and typing in [Nima Amjadi](#) in the [What care are you looking for?](#) search bar. At your first appointment after August 11, you will be able to enroll in [MYBSWHealth.com](https://www.MYBSWHealth.com).

I look forward to sharing my excitement with you as we partner with Baylor Scott & White Health to take our level of care to even higher standards! As always, I am grateful that you continue to trust our clinic with your care.

I look forward to seeing you at your next appointment!

Sincerely,  
Nima Amjadi, M.D., F.A.C.C.
